## **DETAILED ACTION**

### ***Response to Amendment***

1. The Declaration filed on 10/23/2006 under 37 CFR 1.131 is sufficient to overcome the Lovberg et al. reference.
2. The amendments of claims 19 and 20 are sufficient to overcome the claim objection and rejection under 35 U.S.C 112, second paragraph.

### ***Drawings***

3. A replacement drawing was received on 10/23/2006. The drawing is acceptable.

### ***Allowable Subject Matter***

4. Claims 1-15 and 17-50 are allowed.

The following is an examiner's statement of reasons for allowance: Because the Lovberg et al. (US 2004/0080448) reference has been overcome with a Declaration under 37 CFR 1.131, the rejections based on Lovberg are withdrawn, therefore no rejections remain. The prior art discloses numerous related imaging systems and methods, however the prior art fails to disclose or render obvious such a system, method, or program of commands to be executed by a computer processor including the step of modifying a first portion of image data in a first manner reducing the resolution of a corresponding portion of the first image. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
